## LOS ANGELES OPENS WAY OF SOLVING SEWER PROBLEM

Suggestions Are Made at the  
Planning Conference Held  
in Pasadena Saturday

Overtures were made by the city of Los Angeles at the county regional planning conference held in Pasadena Saturday which, it is believed, will open the way to a satisfactory solution of the sewage problems of the foothill cities including Glendale and Burbank.

Glendale was represented at the session by City Manager William H. Reeves, Dr. Jessie A. Russell, chairman of the Chamber of Commerce civic committee; City Engineer C. L. Hill and his assistant, V. B. Stone.

Dr. L. M. Powers, county health officer, in a forceful statement, brought out the fact that contagious diseases do not recognize political boundary lines and that Los Angeles city cannot longer afford to insist upon annexation as the only method of solving the sanitary problems of outlying communities.

### Opposes Annexation

William Mulholland, consulting engineer who built the aqueduct and presently is engaged in studying the sewer situation for the city of Los Angeles, stated that in his judgment annexation "should not and need not be required" for cities wishing to join in a trunk line disposal system.

Supervisor H. W. Wright of this district took an active interest in the sewerage problem.

The fact was brought out that certain other counties adjoining Los Angeles stand ready to take all the purified sewage effluent that they can obtain and in certain cases will be willing even to build a trunk line sewer necessary to obtain the same.

The available amount of water per capita in Los Angeles county in 1916 was stated to be 1.43 acre feet which had decreased in 1922 to .314 acre feet. These figures were taken as indication of the imperative necessity for water conservation, as speakers pointed out.

### County Flood Control

City Manager C. E. Koerner of Pasadena made a statement regarding the manner in which the county flood control had wasted the storm waters which otherwise would have been saved by the Devil's Gate dam. Mr. Koerner termed this "almost criminal waste," an outrage, stating that the dam was erected for flood control. Pasadena will oppose further bond issues for flood control purposes until the control is vested in three engineers instead of one, he stated.

On the side it was explained that one of the great causes of complaint in the way that Engineer J. W. Reagan has handled the flood control was on account of the alleged fact that he had allowed the water to be wasted through the gates of the dam at probably 50 per cent in excess of the maximum flow for the storm without the storm.

County Auditor Paine of Los Angeles made a plea for doing the assessing and tax collecting of the smaller towns of the county claiming considerable economy would result. His statement was challenged by City Manager Koerner of Pasadena, who stated that after through investigation (Continued on Page 4)

## J. A. NEEL HOME SCENE OF PARTY

Ed Wilson in Clown Dress  
Does Number of Stunts  
at Social Gathering

In response to invitations bidding them come Friday night to "Ye Olde Greene Mill" a very expectant crowd of young people gathered at the home of Captain and Mrs. J. A. Neel of 302 North Louise street, and were happily entertained at a dancing party. The house was very prettily decorated with a profusion of greenery. Ed Wilson, brother of Mrs. Neel, contributed greatly to the merriment of the evening by appearing in clown costumes, and doing original stunts. Tom Muff, one of the small guests, arrived in the costume of a colonial dame, and was quite the center of attraction. For the prize dance, a lovely box of candy was awarded to Winifred Brewer. At the close of the evening, escorted by Mrs. Neel, they went to the Glendale Candy shop, where they enjoyed refreshments.

Those participating were Dorothy and Georgia Young, Winifred and Elizabeth Brewer, Lillian Owens, Ruth Whitaker, Arlynn Yackel, Lionel Martinez, Harry Bennett, John Lovell, Tom Kennedy, Jack Clarke, Jerome Andrews, Tom and Elmer Muff, Jane and Archie Neel.

### RECOVERS HIS AUTOMOBILE

Henry W. Salisbury of 130 South Adams street now has his car back again. It was borrowed Friday night from the vicinity of the Pasadena high school, but captured yesterday by police of the Crown City.

## William Mulholland, Noted Engineer, Gives Glendale Answer for Its Sewage Disposal Problem at County Planning Conference

William Mulholland, consulting engineer and builder of the aqueduct for the city of Los Angeles, gave Glendale an answer for its sewage disposal problem in a speech before the County Regional Planning conference at Pasadena Saturday when he said: "It has long since been thoroughly settled and determined by the courts that the city of Los Angeles owns all of the water in the San Fernando valley and Los Angeles river, including all of that which is at present being used by the towns of San Fernando, Van Nuys, Burbank, Glendale and others. The city of Los Angeles is not questioning at this time the use of this water by Burbank and Glendale, but when it comes to sewage disposal plants in these two cities with the certainty that the effluent must drain into the Los Angeles river, it is evident that some action

must be taken to prevent this. "In my judgment, we must have joint action of these cities for the purpose of building a trunk line sewer. The city of Los Angeles would not object in an oppressive way to the disposing of sewage by Burbank and Glendale, for we recognize the fact that this must be done. "Los Angeles at one time made tentative offers to join with these two cities in the construction of such a trunk line. It is true that some of the Los Angeles city councilmen objected to this unless Burbank and Glendale should first annex to Los Angeles city, but in my judgment this should not and will not be required. "In those words of a great engineer you have the contention of The Glendale Evening News—that Glendale can and will solve its sewage problem without annexation to Los Angeles.

**ARBuckle CASE MAY GO TO JURY BEFORE SATURDAY**  
SAN FRANCISCO, Jan. 23.—An early culmination of the second manslaughter trial of Roscoe ("Fatty") Arbuckle was in sight today. District Attorney Brady announced that E. O. Heinrichs, finger print expert, on the stand when court recessed Saturday, will be his last witness against the film star unless the court permits him to call witnesses to controvert the charge of Zey Prevon that she was coerced in her testimony. The cross-examination of Heinrichs will be a grilling one, Gavin McNab, chief defense counsel, admitted today. The defense has approximately 20 witnesses. Their climax, as before, will be the testimony of Arbuckle himself. One new medical expert will testify and possibly several new witnesses will be called to describe alleged previous occasions on which Miss Rappe tore her clothes under similar circumstances. Expert medical witnesses will be called first in Arbuckle's defense. McNab announced his intention of speeding the case in every possible way and said the case might be in the hands of the jury before next Saturday.

**IMPORTANT DECISIONS BY ARMS PARLEY AWAITED**  
WASHINGTON, Jan. 23.—Decisions of grave importance in determining the future of China and Russia and Japanese policy in the far east hung in the offing today as the Washington conference swung into its eleventh week. In high conference circles, the week starting today is regarded as one of the most critical of the entire conference, involving as it does the settlement of the supreme issues of the far east, including: 1—Announcement of a world policy toward Siberia and the numerous mushroom republics of the far east. 2—Settlement of the Shantung controversy. 3—Consideration of the twenty-one demands through which Japan obtained a grip on two rich Chinese provinces, Manchuria and Mongolia. Anticipating that a demand would be made in Washington for withdrawal of Japanese troops from Siberia, or at least a declaration of time when such withdrawal would be effected, the Japanese delegates started the eleventh week with a flat pronouncement that more troops will not be withdrawn until "stable conditions" assure the safety of Japanese lives and property. The announcement of this policy was made officially in Tokyo and significantly enough, relayed to Washington at the very moment the conference is about to take up the Siberian question, the last on the conference agenda.

**HARDING GIVES WARNING IN OPENING FARM MEET**  
WASHINGTON, Jan. 23.—Agriculture must be lifted from the chaotic depths of imminent disaster and placed firmly on a thriving basis by governmental aid, if industrial and commercial America is to survive. President Harding gave the nation this warning here today in opening the national agricultural conference, called by the executive to effect adoption of a definite federal policy of encouraging the farmer. The farmer, "in his hour of disaster," is entitled to every support and assistance the government can give him, the president declared to 400 delegates gathered here from all over the country for one of the most important conferences ever held in the national capital. "If we fail him, we will precipitate a disaster that will affect every industrial and commercial activity in the country," the president asserted. The government must do everything possible to ameliorate the "critical condition" of agriculture and its action must be immediate, the president warned. Greater financial aid, he said, should be extended to the farmer, transportation facilities, rail and water, must be expanded to meet farming needs and (Continued on Page 2)

## GREAT INCREASE IN POSTAL BUSINESS, SAYS OFFICIAL

Remarkable Growth Shown by  
Local Office, Is Statement  
by George Hallett

More than twice the amount of business is being done by Glendale's independent postoffice over the same month a year ago, according to a statement this morning by George Hallett, assistant postmaster. The working personnel of the office is being materially increased and everything is running satisfactorily, according to D. Ripley Jackson, postmaster.

The last three months of 1921 showed a big gain over the same period in 1920, although the office was a branch of Los Angeles.

The quarter's receipts totaled \$36,737.47 for last year as against \$22,937.22 the year prior. This was a 60 per cent gain, but it is expected this year will show 100 per cent or more.

**Thirty-Seven Candidates**  
John Boettner, well known postal clerk, has been appointed local secretary for the United States civil service commission and last Saturday he assisted Edward E. Tynan, Los Angeles secretary, in the examination of thirty-seven candidates for clerk and carrier positions. The examination was held in the high school and from all reports, a very satisfactory showing was made, all of the candidates making a good appearance.

Net Gain of 135 Members  
in 1921, Is Made Known  
by Annual Report

The annual report of the Seventh-day Adventist church shows a remarkable growth in all lines of church endeavor for the year 1921.

The report of the church clerk, Mrs. C. B. Towler, gives the membership of the church, at the beginning of 1921 at 490, while at the beginning of this year it was 625.

During the past year 207 members were added to the church, deducting from this the number transferred by letter to other churches, the net gain is shown to be 135. In addition to this forty have been added to the church thus far in the new year.

The seating capacity of the church is about 800, and it is taxed to its utmost at all the regular services of the church. A number of members residing in Glendale attend services at some of the nearby churches in order to relieve the situation as far as possible.

### Financial Statement

The financial report of the church was given by Miss Mary E. Learned, the treasurer, and showed that there had been paid for all purposes in the church, \$64,679.20. Of this amount \$44,493.63 had been paid for local conference and church work, and that the remainder or \$20,185.57 was given for missions, and Near East Relief, Russian Relief, and the China Famine relief funds.

The treasurer's report also disclosed the fact that \$8,196.63 of the above amount was given through the Sabbath school department of the church. This averages over thirty-two cents each week for each member of the Sabbath school.

The average for all the church work amounts to \$132 for each member for the year.

### CARDINALS TO MEET ON FEBRUARY 2 TO ELECT POPE

ROME, Jan. 23.—The conclave of cardinals to elect a successor to the late Pope Benedict XV will be held February 2, according to the Giornale D'Italia today. Following out traditional custom, the Vatican physicians removed from the mortal remains of the pontiff the heart and viscera to be placed in an alabaster urn, which will repose amidst similar urns in the Church of St. Vincent and St. Athanasius. Masses for the repose of the holy father's soul were chanted throughout the morning before an altar in the papal death chamber, in the chapels of the vatican, in the great cathedral of St. Peter's and in all the Catholic churches in Rome. A clash occurred between the crowds and police in front of St. Peter's during the morning. In the panic which ensued, a number of persons were injured. The vast assemblage, which increased in numbers hourly, attempted to break through the police cordon and enter the church. The mortal remains of the sovereign pontiff, dressed in ceremonial death robes, had been borne by noble guards from the papal chamber to the throne room to lie in state. The body was dressed in white wool gown with red cape, white cassock and stole, white silk sash with gold tassels, white stockings, red shoes and gloves and a scarlet cape with a clasp of precious stones. The head was covered with violet silk cap lined with ermine. The pontiff wore ring and gold mitre. There were two circumstances to indicate that a reconciliation between the vatican and quiral may be near at hand. Contrary to previous custom, the Italian flag was lowered to half staff on all government buildings. Furthermore, the Italian minister of justice, Signor Rodino, who is himself a Roman Catholic, called at the vatican officially to present condolences of the Italian government.

### IRISH RACE CONGRESS OPENS PARIS CONVENTION

PARIS, Jan. 23.—With four delegates from the United States present, the Irish race congress opened a week's convention here today. Delegations have arrived from South America, England, Ireland, Scotland, Wales, Australia and other countries. A group representing the "Irish Republic" arrived, headed by Eamonn DeValera. Practically no English is spoken, the delegates using Gaelic, Spanish and French. The congress was originally organized as a world league to support Ireland's claim to independence, but owing to the ratification of the Anglo-Irish treaty by Dail Eireann, its character will be changed and more emphasis will be laid upon the political, cultural, economic and educational side of Irish life. Hugh Mason, former minister for home affairs in the Australian government, was missing when the Australian delegation arrived. He was taken ill at sea and removed to a hospital when the ship touched Toulon.

## DR. DAVIS IS SPEAKER FORMAL OPENING OF SUNDAY MORNING GLEN INN LARGE TO METHODISTS SOCIAL SUCCESS

District Superintendent Uses Dinner and Dance Greatly 'Faith' for Topic Talk to Local Congregation Enjoyed; Specially Priced Meals Announced

A large audience was present at the services yesterday morning at the First Methodist Episcopal church. An excellent address was delivered by the superintendent of the Pasadena district, Dr. W. Y. L. Davis. His subject was "Faith." Text: Hebrews 11:1. "Now faith is the substance of things hoped for, the evidence of things not seen."

Dr. Davis is a deep thinker, a rapid speaker and a word painter of more than ordinary ability. He illustrated the wonderful part that faith has accomplished in the advancement of civilization in the lives of Columbus, the great discoverer, of Admiral Dewey, the hero of Manila Bay, of Lincoln, the emancipator, of Roosevelt, the fearless and honest politician.

"Some people," said Dr. Davis, "measure a man by the size of his hat band, others by his bank account, and still others, by the scales."

But the only true measure of a man's greatness is by the size of his faith. He is just as big or little as the faith that he exercises.

### Near Sight Vision

"Lack of faith gives a man near sight vision, and that is the reason why some men never see the beauties of the mountainside or the glories of the sunset. Instead, they only see the garage, the boat house or the bank."

"Faith, like art, requires a perspective, just as music lends its richest tones and harmonies to the distance. One hundred years ago the answer to the question, 'Who is the greatest Frenchman?' would have been Napoleon. But to day the honor is given to Dr. Pasteur, the great benefactor."

If a similar question were asked 2000 years ago, 'Who is the greatest among us?' the answer would probably have been Julius Caesar, Augustus Caesar or Nero.

### Christ Greatest of All

"But the passing of the ages has decided that the greatest man of all times is the Christ."

"Faith gives the right point of view. It is not enough that man believe, but he must believe right. And faith in God is the unerring guide. Man may view all the master paintings of Christ. He may read all the epistles and biographies of great men. He may travel to the Holy Land and linger at the places made sacred by Christ's presence, but these cannot save him."

"Faith alone is the portal. Christ dwells in the human heart by faith."

"Faith lightens and brightens the sick room."

"Faith compensates for loss of property."

"Faith sustains the heart when loved ones are laid away."

"Wherefore seeing we also are compassed about with so great a cloud of witnesses let us lay aside every weight and the sin that doth so easily beset us and run with patience the race that is set before us."

Entertaining Numbers Well Received at Meeting in Harrower Auditorium

The Choral Society of the Seventh-day Adventist church enjoyed a social evening at the Harrower auditorium Saturday night. The first part of the evening was devoted to a brief business session, with the society's new president, Miss Helen M. Steele, in the chair. Following the adjournment of the meeting until the third Saturday night in February, several entertainment numbers were enjoyed by those present.

Mrs. C. E. Swartsfager, who is a teacher of the violin, rendered "Swiss Air and Gentle Zittella" by Henry Farmer, accompanied by Mrs. A. Belle Johnson.

"Serenade" by Tityl, a trio, was given by Mrs. Swartsfager, violin; Mr. Moore, cello, and Mrs. Johnson, piano.

### Interesting Paper

"History of Music" or the manner in which it was first introduced into church service, was the title of a very interesting paper by Mrs. Hartman.

C. H. Jones favored his hearers with several choice phonograph selections played on Dr. Harrower's electrically-run machine.

The player piano also contributed a few numbers, then a conversation circle was formed and topics announced by the president. An animated exchange of opinions and thoughts was effected and considerable practice in extemporaneous speaking was afforded.

### HARDING CALLS MEETING

WASHINGTON, D. C., Jan. 21.—President Harding has issued a call for a meeting of the heads of all government departments to be held in Continental Hall on Friday afternoon, February 3. The purpose of the meeting was not disclosed, but it is understood that the financial affairs of the government are to be discussed.

The formal opening of the Glen Inn, 152 South Brand boulevard, took place Saturday night from 7:30 until midnight with a dinner-dance.

The banquet was served in the hall on the second floor of the Citizen's building. It was attended by 194 residents of Glendale all of whom made favorable comment upon the excellent quality of the food served. The main course consisted of an individual roast stuffed squab with escaloped potatoes and peas. They had been secured from four city farms and brought directly to the kitchen.

Music between the courses of the dinner and for the dance, which followed, was furnished by Crews Vaughan and his Syncopated Yama Yama Boys in costume. The saxophone playing of two members of this quintette was the source of much praise. This orchestra has filled an engagement on the Orpheum circuit, already.

### Prominent People Present

A number of prominent Glendale families were present at the affair. While it was not strictly formal, several full dress suits were particularly noticeable.

The dance continued until a late hour.

"Everybody got together like one big family," declared Manager F. V. Edmonds. "We almost had to turn the lights out on them at midnight to get them to go home. They threw themselves right into the spirit of the occasion wonderfully. I never saw any group of people get along together so well."

Mr. Edmonds was well pleased with the success of the opening and more than satisfied. It has been his privilege to open several establishments but he has stated that none of them met such an enthusiastic and cordial reception. He feels confident that there is room in the community for such an institution as the Glen Inn.

### Offers Special Prices

A special get-acquainted 50 cent lunch, a 75 cent supper and a dollar evening dinner, all of which he promises will be worth investigating, have been announced by Mr. Edmonds.

Yesterday the Glen Inn enjoyed a large patronage. Besides other entries, over 200 chicken dinners were served.

The Yama Yama Boys have been engaged for the entire week and will play during both the noon and evening meal hours.

A number of fine compliments have been paid to Mr. Edmonds for the quality of food prepared under the direction of his head chef, Louis Husbando, who was formerly head chef for the Fred Harvey system. Mr. Edmonds declares most emphatically that a high standard will be maintained at all times.

## HAVE DARK HAIR AND LOOK YOUNG

Nobody Can Tell When You Darken Gray, Faded Hair With Sage Tea

Grandmother kept her hair beautifully darkened glossy and attractive with a brew of Sage Tea and Sulphur. Whenever her hair took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect. By asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this old-time recipe, improved by the addition of other ingredients, all ready to use, at very little cost. This simple mixture can be depended upon to restore natural color and beauty to the hair.

A well-known downtown druggist says everybody uses Wyeth's Sage and Sulphur Compound now because it darkens so naturally and evenly that nobody can tell it has been applied—it's so easy to use, too. You simply dampen a comb or soft brush and draw it through your hair, taking one strand at a time. By morning the gray hair disappears; after another application or two, it is restored to its natural color and looks glossy, soft and beautiful.—Advertisement.

*Build lasting comfort into your home*

THE comfort and convenience of your home ten years from now may easily depend upon the choice which you make today of the contractor who makes the electrical installation.

There is not a single element in your building plans which is more important—not even the plumbing.

Cut-rate electrical contracting is never economical in the long run; when a bid is too low there must be inferior materials and poor workmanship to make up for it.

Choose a qualified, responsible contractor, one who employs good workmanship and standard materials such as those which the Pacific States Electric Company, with a world market to choose from, has inspected and certified as standard and identified with the "check" seal reproduced below.

These standard materials and appliances can be obtained from electrical contractors and dealers who are qualified as to their responsibility and technical competence.

You will enjoy our new booklet "The Electrical 'How' for Householders" which lists some of these standard materials and appliances and describes their use in the progress of a typical day in an electrified home. It may be obtained free from any contractor or dealer displaying this seal.

The Presbyterian church last night had a praise service, as is its custom for the evening of the Communion Sabbath.

The quartet choir, directed by Mrs. Fannie Marie Reits, did excellent service as always. The perfect articulation of their words is something which especially deserves and receives appreciation. Valuable assistance was also given by Mrs. Robert J. Baird, soprano and J. Stiff, tenor, both of Van Nuys, and by Mrs. A. M. Draper, contralto, of Glendale, and Mrs. Enona Hopkins, harpist, of Glendale. Every portion of the program was of genuine value and great beauty, and was widely appreciated by the large congregation. ## WISE MEN EXPRESS FULL CONFIDENCE IN RELIGION

Weak and Foolish Are on  
Other Side, As Rule, So  
Says Dr. H. C. Funk

"Is Jesus Christ God?" was in inquiry of Dr. H. C. Funk yesterday morning at the First Lutheran church.

"Some people seem to think that only women and children, together with a few weak-minded men, ever go to seek after a knowledge of Jesus Christ," declared Rev. Funk. "On the contrary, the facts go to show that the really great and wise are the ones who are striving to know Him."

"Indeed, history abounds in illustrations of illustrious men in ancient times who were men after God's own heart. Go to the great universities and interrogate the wise men and you will find that the school masters of the world are men who have been seeking after God. Every president of this great commonwealth of ours has expressed confidence in our holy religion and all, save one, have been active members of the church of Christ.

**No Claim to Perfection**

"No, the weak and the foolish as a rule are found on the other side. We make no claim to perfection for the followers of the Nazarene, but if you will inquire among the slums and hovels of despair you will discover that there are those who have not been touched with the uplifting power of the divine Son of God."

"One of the great questions of the day, 'Is Jesus Christ God,' is being freely discussed. Ask any confirmation class and they will tell you that He is God. But how do you prove it? We answer, 'By His word and His works.' John declares, 'In the beginning was the Word, the Word was with God and the Word was God.' Moreover, he continues, 'And the Word was made flesh and dwelt among us.'"

"Cleaned of Disease"

"Again, His divinity is shown by His works. The leper of Jesus was not permitted to come near any one but Jesus drew very near to him. He actually touched him and, instead of becoming contaminated with this loathsome disease, the leper himself became like Jesus cleansed and made every whit whole."

"Now some folks say that sickness is of the devil. I think that is true, but this does not prove that every sick man has the devil in him. The fact is, a man may be very sick and yet not be a wicked man. To prove my statement I need only to refer you to the sick man brought to the Saviour on a bed. Jesus said, 'Thy sins be forgiven thee.' But he was still a sick man until the Saviour said, 'Arise, take up thy bed.'"

**SPANISH FLU IN SEATTLE**

SEATTLE, Jan. 23.—Seattle is in the grip of the worst Spanish influenza epidemic since the winter of 1918-19. Twenty-five victims of the epidemic, which is in mild form, are reported in one city office. Sheriff Starvick and twelve deputies are confined to their homes with the scourge. Hundreds of cases exist in the county, health authorities, say. Favorable weather conditions occurring with one of the periodic visits of the epidemic has caused it to take hold more severely than usual, according to county health officers.

## LOS ANGELES OPENS 'SPIRIT OF CHURCH' WAY OF SOLVING SEWER PROBLEM BY REV. COLE

Suggestions Are Made at the  
Planning Conference Held  
in Pasadena Saturday

(Continued from Page 1.)  
tion, he had decided that it would not be advantageous.

The transportation committee's report was made by George A. Damon of Pasadena. This seemed to the Glendale delegates, at least, to be probably the most important report of the conference. Their astonishment was great when the report concluded without a single syllable of reference to auto bus transportation. Mr. Reeves immediately asked Mr. Damon as to why he had avoided all reference to this subject. Mr. Damon rather evasively replied that he did not deem this worthy of investigation because of the fact that he figured that it cost him a dollar every time he went to Los Angeles in his own automobile, whereas he could ride on the street cars for fifty cents.

Mr. Reeves called his attention to the fact that this did not answer the question regarding motor bus transportation, and Secretary G. Gordon Whitnall very strongly backed up Mr. Reeves' statement by quoting specific figures showing in a definite case that an auto bus could carry passengers for one-fourth of the money being charged by the Pacific Electric railway.

At the last moment an endeavor was made to put the conference on record with a blanket endorsement of all reports which had been made, or would be filed without reading by the various committees. This was very strongly opposed by Dr. Russell for the reason among others that it would have committed the conference in favor of the present methods of electric street railway transportation and the doctor was successful in defeating this endorsement.

The next conference will be held April 1 in the city of Long Beach. The regional vice chairman of the north-west district, which includes Glendale, Burbank and other communities in the San Fernando valley, is Cecil Wilcox of Lankershim. He will be invited to come to Glendale at an early date and consult with city officials and others in order to gain an idea of our needs in the matters of transportation, water conservation and other things.

### Broadway Heights Is Pleasing Subdivision

The Broadway Heights subdivision, which is located on East Broadway, between Glendale and Eagle Rock, is drawing a very desirable class of purchasers and that district will soon see some fine homes erected, according to Frank Corson, owner. Hollywood and Glendale people vie about equally in the selection of sites in this beautiful foothill tract, he states.

### Local Fire Fighters to Battle in Ring

Johnny Meyers, Battling Ralph Meyers and "Packy Flinn" of the Glendale Fire department are scheduled for battles in the boxing carnival to be staged Wednesday night at the Arcadia balloon school gymnasium. Hundreds of local fight fans are planning to be present as the Glendale boys are real cards.

### A. A. Jackson Buys W. W. Clark's Interest

The firm of Jackson & Clark, men's furnishings, 120 East Broadway, is no more. A. A. Jackson Saturday announced that he had bought out the half interest in the store held by W. W. Clark. The establishment will be continued under the name of "Jackson's."

"We opened up here on September 10," remarked Mr. Jackson. "Business more than came up to our expectations. However, the future of Glendale looks so bright to me that I simply made my partner an offer for his interest which he has seen fit to accept."

"The transaction was purely of a friendly nature. I think very highly of Mr. Clark. It is quite likely that he may assist me here in the store from time to time."

Mr. Jackson has had eighteen years' experience in the retail business and has acted as buyer for several large eastern concerns. He came to Glendale from N. C. Neilson's store Long Beach.

Mr. Clark has other interests which will occupy his attention. His home is located at 146 East Adams street, Eagle Rock. He also owns a ranch at Claremont and expects to spend some of his time there in the near future.

Both Mr. Jackson and Mr. Clark have made many friends since coming to Glendale and both hope to retain these friendships.

"No," replied Mr. Jackson, "there will be no sale. Business will continue as usual. The stock is right up to the minute."

### Hi-Y Group No. 2 to Be Guests at Swim

The members of Group 2 of the Glendale Hi-Y society, accompanied by their leader, G. Edwin Murphree, will motor to Pasadena tonight, where they will be the guests of the Pasadena Young Men's Christian Association at a "swimfest" in the "Y" pool. The regularly scheduled meeting of the group will be postponed until next Monday night.

### TO VISIT AT LABORATORY

High school seniors and members of the faculty will visit the Harrower Laboratory this afternoon.

which had been worn at the wedding of her mother. The bride carried a shower bouquet of bride's roses and lilies of the valley and wore a beautiful string of pearls, a gift from Mr. Kiefer.

Miss Laura E. Roberts assisted as bridesmaid. She was gowned in a soft blue Canton crepe, carried a bouquet of pink roses and wore a quaint bandeau of white ruffled marine. Frank Kiefer, brother of the bridegroom, assisted as best man. The bride's mother was gowned in taupe taffeta.

**Pink and Green Colors**

The color scheme of pink and green was carried out throughout the house in decorations of roses, smiley, etc. After the ceremony the "Wedding March" (Mendelssohn), was played on the harp by Mrs. Hopkins. The young couple then adjourned to the reception hall, where they received the congratulations and best wishes of their friends and where refreshments were served. The hall was decorated with potted palms, ferns and greenery.

Miss Agnes Brown, Miss Eunice Pearl and Miss Mary Rich, who with Miss Shattuck had been bridesmaids at the wedding of Mrs. Thomas, assisted in serving punch, cake and ice-cream, through the center of which was molded a heart.

After the reception the guests adjourned to the adjoining apartments, the use of which had been kindly loaned by the neighbors of Mr. and Mrs. Shattuck, and where the beautiful array of gifts to the young couple were viewed.

**Leave on Honeymoon**

Mr. and Mrs. Emil Kiefer left on a short honeymoon trip and will be at home to their friends at 511 East Wilson avenue after February 10.

Mr. and Mrs. Kiefer have been residents of Glendale for about eight years. They first became acquainted in 1917. Mr. Kiefer served during the war on the U. S. S. Kentucky, and it was while he was on a cruise to Panama that he purchased the piece of silk which was later used to make the wedding gown of his bride. In the construction of which Mrs. J. W. M. Burton, a life-long friend of the bride, assisted. Prior to and after his two and a half years' service in the navy, Mr. Kiefer was associated with the firm of Pulliam & Kiefer of this city, which he is now conducting.

**High School Graduate**

The engagement of this young couple was announced to their friends on Christmas Eve. Mr. and Mrs. Kiefer are both members of the First Methodist church of this city. Since her graduation from Glendale Union High school, Mrs. Kiefer has been employed at the public library on Harvard street and for some time has been assistant librarian in charge of the young folks' department under the direction of Mrs. J. C. Danford.

Before her marriage Mrs. Kiefer was the guest of honor at a number of showers and other social events given by some of her intimate friends.

A charming bit of romance in connection with the choice of the wedding date of Mr. and Mrs. Kiefer was the fact that it was the betrothal date of Mr. and Mrs. Shattuck, parents of the bride.

## BUSINESS BLOCK TO COST \$22,000

Building on Colorado Near  
Adams to Be Occupied by  
Khodigian Brothers

May & Hellman of 205 East Broadway are preparing plans for a two-story brick store building to be erected on Colorado boulevard near Adams street for Khodigian brothers, fruit merchants. The building will be 50 by 80 feet, contain four store rooms on the ground floor and eight three-room apartments above. The estimated cost is \$22,000.

This new building marks the first substantial proof that there will be a business section in the vicinity of the new high school site. Already oil stations, grocery stores and other necessary enterprises have located in the vicinity, the shopping center for the Meeker Orange Manor subdivision as well as the Verdugo road vicinity which is fast building up.

### Miss Mildred Wight To Marry In Summer

Miss Mildred Wight, daughter of Mr. and Mrs. J. Frank Wight of Eagle Rock, a graduate of Glendale Union high school and former resident of this city, recently announced her engagement to Ray K. Cole of Whittier at a luncheon given at the Ambassador hotel to fifty members of the Sigma Kappa Sorority.

The wedding will take place in the summer, after Miss Wight has finished her year of teaching at Somis in Ventura county. Earl C. Wight, brother of the bride-to-be, was formerly athletic instructor at Glendale high school.

### TODAY--LAST TIMES

—You who laughed and cried over "Humoresque"—

You will laugh and cry again.

For "Just Around the Corner" is another of those big, soul-stirring dramas of life.

One of the best pictures of all time. Don't miss it.

Selected Musical Numbers by Olsene

### SPECIAL COMEDY AND KINOGRAMS

A Solid Hour of Happiness!

A Cosmopolitan Production  
A Paramount Picture

### 'Just Around Corner' at T. D. & L. Theatre Is Remarkable Film

"Do you realize who it is that is just around the corner in every city of these United States? What takes place there?"

"Just Around the Corner," showing at the T. D. & L. theatre for the last times today and which showed tremendous success yesterday, is a picture classic, depicting the sunken lives of thousands of women who toil for home and children and nothing else—the mothers who bring a vast army of human beings into the world each day, to see them grow to youth, to suffer or, rebelling, revolting from the squalor of tenement homes, to seek another life Just Around the Corner.

This picture of a sickened mother,

striving to hold together her little fatherless flock—the restless daughter demanding her birthright to happiness—and the drama which develops around this situation—provides a powerful, tense, impassioned tribute to the mothers of the poor.

The rest of the program also is well received. The comedy subject and Kinograms both being exceptionally good. George Olsene's musical selections are proving very popular.

### 'LOTUS EATER' IS COMING

"The Lotus Eater," a novel by Albert Payson Terhune and one of the most unusual and original stories ever written, has been transformed into a motion picture by Marshall Neilan, and with John Barrymore, as the star, will start a three-day run at the T. D. & L. theatre tomorrow. "This is truly one of the finest pictures ever shown in Glendale," remarked Ralph Allan.

## COMMENT THAT'S ALL

Saving Their Standards  
A Week of Mourning  
In Defense of Divorce  
"Looters of Treasury"

By Gil A. Cowan

IMAGINE, if you can, thousands of orange growers agreeing not to ship frozen fruit and asking that a rigid curb be placed on the citrus industry. That is the right way, but how many people faced with such tremendous loss would agree to make it worse this year to save the standards for which their association has fought?

The public is warned against buying frozen oranges at any price, although you will see them offered as cheap as 5 cents a dozen. In the first place, they are not palatable, and further than that they are apt to make you sick.

At this early date it is estimated that not less than 20 per cent and not more than 30 per cent of the crop in southern California is lost. It will be a great year for the citrus acid factories, which handle the culls and unsaleable fruit.

This is a week of mourning. In almost every part some prominent resident has passed on. Hundreds of thousands, yea millions, mourn for the pope. Viscount Bryce, widely known British editor, is dead. Right here in southern California, Frank C. Roberts, Long Beach publisher, has gone to his last reward.

Look over the columns of the newspapers and you will see that the grim reaper is cutting a wide swath this season. In the columns of a morning contemporary you will note an aged lawyer, a veteran city detective, a retired army captain and others are dead.

A Methodist minister in Chicago steps forward and defends divorce. If Jesus were on earth today He might recognize the severance of marital relations, the pastor believes. Surely, he could not agree to some men and some women suffering under the bonds of matrimony.

In the old days, according to the preacher, a divorce was little less than a bill of sale. Now it is something to be granted by a kindly judge who generally endeavors to "patch up" the torn homes. Not such a bad world after all, eh?

Former service men, through the American Legion, are making a determined fight for bonus legislation. An equal fight against it is being made by interests to which the New York Journal of Commerce is subscriber.

In 1917 it was the "flower of our nation." In 1918, "our heroes;" in 1919, "our service men;" in 1920, "the soldier element;" and today the man who fought for his country is flouted as "looter of the treasury." When the press of this country labels former service men as "looters of the U. S. treasury," it is time for all patriotic newspapers to bring about the best adjustment possible for the benefit of the men, many of whom are out of work and out of luck because of their military service.

Here's the day's best: William Cullen Bryant Kemp, student, enrolled in Columbia university 41 years ago. He hasn't missed a semester since. After exhausting all of the "ologies" he is learning anything else offered. Seems that his uncle left a legacy providing for him as long as he went to school.

## SOLVES PUZZLE OF REALTY AGENTS

B. W. DeHart of State Real Estate Department Visitor to Glendale Dealers

B. W. DeHart of the State Real Estate department was in Glendale recently calling upon local brokers, interpreting the state realty law, answering puzzling questions in regard to division of commission, and ascertaining that all those engaged in the real estate business have the proper license.

Real estate firms all over Southern California, according to Mr. DeHart report that, although business is not quite as rushing as it was last fall, it is still brisk. He declared that all dealers in the soil declare that business is as good as could be expected.

Attention was called by Mr. DeHart to the fact that everyone engaged in the sale of property must either pay \$12 for a broker's license or operate under or with a licensed broker and pay a salesman's license of \$2.

### CUTS CORN, LOSES LIFE

REDDING, Cal., Jan. 21.—William H. Sebring, 72, veteran stage driver and miner, died here following the amputation of his leg in an effort to save his life. Blood poisoning and gangrene followed his paring a corn on his little toe. He had lived in California sixty-five years.

### GLENDALE WOMAN TICKLED TO DEATH

A local woman was given a surprise by her husband last week when she was given a Victrola from the Glendale Music Co. When she was asked what she thought of the gift she exclaimed: "I'm just tickled to death." You, too, can be "tickled to death" with a Victrola, and tickle the whole family. Come in our store at 109 North Brand Boulevard and see how one can buy a Victrola on easy terms.—Adv.

## Mary Miles Minter In Comedy Film on Screen at Glendale

If you think that film comedy must depend on a chase and a lot of more or less funny falls, go to the Glendale Theatre and see Mary Miles Minter in Realart's "Her Winning Way."

It's the comedy of manners now, and this one contains the guffaw, although the more refined chuckle predominates.

From the time that Miss Minter, as a young newspaper girl, goes out to interview a shyly unwilling young novelist, the comedy grows apace. She embodies the modern spirit perfectly. She is a calm but determined little feminine "go-getter." The day of the lackadaisical, die-away heroine who sat around and twiddled her thumbs while waiting for someone to call up, has passed away, and the fainting, insipid heroine is as obsolete as bustles and hair-cloth furniture.

Other interesting film attractions complete the pleasing program.

### REV. M. L. HANEY IS DEAD

PASADENA, Cal., Jan. 21.—Rev. Milton L. Haney, formerly of Chicago and one of the oldest Methodist ministers in the United States, died at his home here. He was 97 years old.

## MOTION PICTURES IN NEW CHURCH

Arthur G. Lindley Draws Plans for Garden Grove Two Story Edifice

Arthur G. Lindley of 123 South Belmont street, an architect with offices in Los Angeles, has three jobs under way at the present time for the local conferences of the Methodist Episcopal church. He has completed plans for a two-story frame edifice, to be erected at Garden Grove. It will be equipped with a motion picture projection room, pastor's study, social hall, belfry, kitchen, Sunday school rooms and an auditorium with a balcony which will seat 500.

Working drawings are being prepared for a two-story frame and plaster Sunday school building for the South Pasadena congregation, and a one-story adobe church for the Fillmore Mexican Methodists. A kitchen will be the feature of the latter building.

The wages of chorus girls in Australia have been fixed at \$20 a week.

## \$1,000,000 IN BOOZE GONE

BALTIMORE, Jan. 23.—Theft of sixty barrels of Stewart Distillery whiskey, valued at about \$100,000 from the Service Terminal company's warehouse, almost in the heart of the city, where it had been stored by the local prohibition authorities following its removal became known when the United States secret service and prohibition enforcement bureau are working on the case. The robbery, previously hinted at but carefully concealed by Prohibition Director Budnitz, was apparently one of the boldest liquor robberies of the many "pulled off" in Baltimore.
